INSTRUCTIONS: Teaching Improvement Supplemental questions are designed to help faculty improve their teaching. Up to five (5) questions can be included for student response. These are to be open-ended questions. Questions will be drawn from an existing bank of questions maintained by the Teaching Resource Center, or submitted by faculty for inclusion as supplemental questions. Faculty must have an original question approved by the Instructional Quality Committee before using it.

Questions and responses will not be included in Faculty RPT file. If the faculty member desires, the faculty member may choose to include the questions and some or all of the student response material in his/her FAR attachment.
