25 ***RATIONALE:** On Tuesday, May 9 the CSU San Bernardino Faculty Senate passed a*
26 *“Resolution of No Confidence in the President of California State University, San*
27 *Bernardino.” In his letter to faculty, staff and students after the resolution was passed,*
28 *Chancellor White expressed his and the Board of Trustees’ “full and unequivocal support”*
29 *for CSUSB President Tomas Morales. The letter only very briefly acknowledges “some*
30 *concerns regarding campus climate that emerged from a faculty-administered survey.” The*
31 *bulk of the letter details the reasons why President Morales continues to enjoy the support*
32 *of the Chancellor and Board. The letter fails to address a central point: faculty do not*
33 *conduct a vote of no confidence in a President lightly; and if successful, those votes are an*
34 *indication of a serious, underlying problem in administrative leadership that deserves*
35 *investigation by the Chancellor and Board of Trustees. This resolution expresses the*
36 *ASCSU’s respect for the thoughtful process engaged in by the CSUSB Faculty Senate*
37 *leading up to the vote and our concern about Chancellor White’s letter to the CSUSB*
38 *community. It calls for the Board of Trustees (BOT) to establish a policy to guide the BOT*
39 *and Chancellor’s Office response to votes of no confidence and calls upon Chancellor*
40 *White to investigate the reasons for the CSUSB vote of no confidence in President Morales.*
